

Lake Tahoe Real Estate Website Redesign Features Listings, Rental Property, & Vacation Properties

From South Lake Tahoe to North Lake Tahoe, this newly redesigned Lake Tahoe real estate website offers unique interactive features, full service and a unique perspective on the Tahoe real estate market.

Lake Tahoe, Calif. ([PRWeb](#)) April 14, 2006 -- Veteran [Lake Tahoe real estate](#) agents, Theresa and Don Souers are pleased to announce the launch of their new Lake Tahoe real estate website: www.HomeinTahoe.com

The freshly redesigned website is designed to bring those interested in Lake Tahoe real estate a wealth of information through a single online point of access. The user-friendly, brightly colored website provides information, insights and listings for prospective property owners and real estate investors covering all aspects of Lake Tahoe including South Lake Tahoe real estate, Tahoe vacation properties, North Lake Tahoe real estate and Tahoe rental property.

State-of-the-art interactive real estate website features on HomeinTahoe.com include the complete and searchable Tahoe MLS (multiple listing service) of [Lake Tahoe real estate listings](#) for Lake Tahoe Nevada real estate, Lake Tahoe California real estate, North & South Lake Tahoe and a interactive graphic that shows all of the Souers' featured properties on an clickable map of South Lake Tahoe. There are also unique articles on investment opportunities in [Lake Tahoe real estate](#).

Theresa Souers and husband partner Don said "There are very few opportunities today where you can live a magical vacation on your own property and know confidently and securely you have made a wise investment! An investment that keeps on growing..." Theresa further added, "Tranquil mountains, infused with 300 days of sunshine and one of the largest fresh water lakes in North America offer a gracious entrance to your own piece of paradise."

[Tahoe vacation properties](#) are nestled in a pristine and dramatic outdoor environment located close to the international cultural center of San Francisco, California and the excitement of Reno, Nevada. Spectacular, world-renowned Lake Tahoe provides resort living at its very best!

Don Souers is convinced "the second home and vacation home market is the nation's fastest growing real estate market and Lake Tahoe, as an international recreation destination remains on top of the recommended investment areas. The boomer generation continues to want property that pays for the play. There are lots of ways to say 'the best' but the simple fact is [Lake Tahoe vacation properties](#) are a 'lifestyle' meant to be!"

At this time, South Lake Tahoe real estate's median price is comparable to that of the national median, which could well be a favorable buying opportunity when one considers South Lake Tahoe's status as an internationally known resort area (including the Stateline casinos).

About Don & Theresa Souers

The Souers Tahoe Connection real estate company is a full-time, full-service agency staffed by Lake Tahoe's hardest working real estate team. They have continuously reached the highest market share of closed sales throughout the [South Lake Tahoe real estate](#) market. The new enhancements to www.homeintahoe.com reflects their continued commitment to finding better ways to serve clients and prospects.
